NON-TSCA CERTIFICATION

Onyx Environmental Services, L.L.C.
1704 W. First Street
Azusa, CA, 91702

February 3rd, 2006
Generator: Bradley Landfill
Customer: Bradley Landfill
EPA: CAD981411952
Manifest # 24651721 LINES 11A AND 11B

Your signature below certifies that, to the best of your knowledge, your waste did not contain PCB's at regulated levels and that any PCB's detected at less than 50 ppm are not from a PCB source containing greater than 50 ppm concentration nor the result of impermissible dilution. Further, your signature certifies that your waste had been under your control the entire time prior to removal and was generated by your business only, and did not contain waste from other persons, businesses, locations, etc.

Sincerely,
Lois Olson

16. GENERATOR'S CERTIFICATION: I hereby declare that the contents of this consignment are fully and accurately described above by proper shipping name and are classified, packed, marked, and labeled, and are in all respects in proper condition for transport by highway according to applicable international and national government regulations.

If I am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present and future threat to human health and the environment; OR, if I am a small quantity generator, I have made a good faith effort to minimize my waste generation and select the best waste management method that is available to me and that I can afford.

16. GENERATOR'S CERTIFICATION: I hereby declare that the contents of this consignment are fully and accurately described above by proper shipping name and are classified, packed, marked, and labeled, and are in all respects in proper condition for transport by highway according to applicable international and national government regulations.

If I am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present and future threat to human health and the environment; OR, if I am a small quantity generator, I have made a good faith effort to minimize my waste generation and select the best waste management method that is available to me and that I can afford.
